performance

› Fast, easy installation — up to 10x faster than rigid pipe

SPRINKLER FITTING SYSTEMS

Visit www.victaulic.com/vicflex to learn more about the VicFlex system or to request a demo.

Eliminate hard pipe, simplify installation...

Put end brackets in ceiling channel and turn to lock position

Slide square bar into end brackets

Tighten wing nuts on each side to secure the square bar to the end brackets

Position sprinkler into center bracket

Install cover plate — done!*

* Does not imply complete installation instructions — consult the appropriate Victaulic installation and maintenance documentation.

NEW Style AB8 Bracket

- › Eliminates messy pipe cutting tools
- › Same great benefits of the VicFlex one-piece bracket system, including:
 - › Patented *1-BEE*²[®] open-gate technology
 - › Superior quality braided hose offering with mechanical unions
 - › Tamper resistant installation ensuring final sprinkler positioning
